## Writing

Time: 40 min

In your English class you have been talking about education. Now your English teacher has asked you to write an essay for homework.

Write your essay using all the notes and giving reasons for your point of view.

*Some parents teach their children at home rather than sending them to school.*

*Is this a good or a bad thing for the children?*

Write about:

1. having a parent as a teacher
2. making friends
3. .... (your own idea)

10

You should write about 200 - 250 words.

~~Nowadays~~ It is not rare case nowadays when parents teach their children on their own. It is not rare case nowadays when children are taught at home. Are there more pros or cons? This <sup>issue</sup> question I am gonna write about.

To begin with, the most crucial advantage of home education is a choice. A teenager does not have to learn any useless subjects. He or she can focus on what he really likes and no one will punish him. Moreover, the second advantage is having a parent as a teacher. As school teachers have to pay attention for about 30 students, there is no way each pupil will gain enough knowledge. Meanwhile, your parent has only you, so you will be the centre of educational process.

However, the significant disadvantage of home education is ~~socializing~~ <sup>of</sup> lacking of social skills. Studying at school means that you permanently communicate with people. Such events as first love, fightings, school parties are essential experience that will be useful in the future. Besides, you become an individual and get character traits. Especially at school we make ~~friend~~ friends who ~~are~~ follow us our whole life.

As for me, I ~~prefer~~ prefer traditional school to home education. I believe that school is not until 9th grade is not about academic success, it's about socialisation. There is no doubt that I will be able to do it at home.
